

# HOW DOES BILL-96 AFFECT PRE-UNIVERSITY STUDENTS?

Bill 96 brings crucial changes to students pursuing Diplomas of Collegial Studies (DEC). The mandatory language requirements affect both students with Certification of Eligibility(COE) and those without.

Students with a Certificate of Eligibility (COE) must take and pass two complementary courses and one program-specific course in French. Students will need to pass the Ministerial English Exit Exam to graduate.

Students who don't have a Certificate of Eligibility(COE) must take and pass three French Language and Literature courses, one complementary course, and one program-specific course in French. Students without eligibility will now be required to pass the Ministerial French Exit Exam(Épreuve uniforme de français) to graduate.
